X-line Raffstore

The first Venetian blind motor with KNX intelligence

Advantages – 8-fold safety through:

- Direct integration into the KNX building technology
- Direct feedback of position and “defect” to the KNX building technology
- Reduced cabling
- Space savings and lower fire load in the control room
- Proven engine and braking system
- Motor intelligence: torque shutdown in case of overload
- Shutdown via limit stop switch optionally possible
- Referencing can be enabled/disabled
