Notes on waste disposal

Recycling of packaging materials

In the interest of environmental protection, please contact your local government's recycling or solid waste management department to learn more about the services it provides.

Waste disposal of electric and electronic equipment

Electronic equipment or batteries cannot be discarded along with the normal household waste. Keep for more information on the recycling and disposal methods envisaged by the local regulations in your area.

Setting switch ...

... for SOLIDline Easy (GU45..E01).

EN

Connection of the setting switch

To realize the required setting procedures, the setting switch M56F152/M56F153/M56F154 can be used. If necessary do use the adaptation cable with the service terminals M56B265.

The work with the service terminals may be accomplished only by an electrical specialist.

Information: The programming key corresponds to the simultaneous operation of the UP and DOWN keys.

CONNECTION FOR ELECTRONIC MOTORS

SAFETY NOTE: PLEASE DISCONNECT THE DEVICE BEFORE OPENING THE HOUSING. THE DEVICE MAY ONLY BE OPENED BY A QUALIFIED ELECTRICIAN.

GEIGER motors SOLIDline Easy

Note: please refer to the installation and operating instructions of the respective motors to adjust the end positions.
