## GEIGER SOLIDline Easy-ZIP

### Perfect for your ZIP screen

**SILENT version also available**

- Dual-Stop control for a safe obstacle detection:  
Ensures a reliable distinction between obstacle and simple gust of wind.
- Fully electric motor: no malfunctions caused by dirt, use or aging.
- Unique! Automatic adaptation of the torque curve (e.g.: due to aging).
- Customized adaptation of the control according to your needs and system requirements.
